**Nationality:** Filipino **Address:** Trece Martires City 4109, Philippines **Phone number:** +639615665777  
**Email address:** alquinngayatao@gmail.com **Web:** <https://gayatao.com/>

## PROFILE

Experienced IT professional with a strong focus on Java microservices development and implementation, as well as a solid background in PL/SQL. Over 7 years of hands-on experience in designing and optimizing web applications using cutting-edge technologies, including Java, Redhat OCP, Docker, and more. Adept at refactoring and enhancing system performance through seamless transitions from legacy systems to Java microservices architecture.

Proven track record of delivering scalable and efficient solutions that drive innovation and elevate user experiences. Passionate about leveraging Java microservices and PL/SQL to create robust and forward-looking software solutions.

## WORK EXPERIENCE

### IT staff (Intern) LPO Carmona

01/2016 - 02/2016 CARMONA, PHILIPPINES

#### Roles and Responsibilities:

- Efficiently installed and configured software and hardware.
- Successfully maintained and repaired equipment to ensure optimal functionality.
- Expertly diagnosed and resolved various computer issues.
- Skillfully automated the processing of office documents for improved efficiency.

#### Technologies Used:

· PHP, MySQL, C#

#### Industry:

· Law firm

**Framework:** Laravel

**IDE/Tools:** Sublime, XAMPP, PHP MySQL Admin

### Software developer UST Global Inc.

11/2016 - 12/2018 TAGUIG, PHILIPPINES

#### Roles and Responsibilities:

- Mentored and coached new resources joining the project
- Built and deployed API to production (war file)
- Provided support to onshore developers
- Implemented coding standards and conducted unit tests
- Conducted bug-fixing activities
- Provided regular project updates to onshore clients
- Refactored and migrated applications to different technologies
- Implemented feature enhancements

#### Technologies Used:

· Java, Angular JS, Angular 2, Angular 5, Springboot, Hibernate, Jenkins, CentOS, PL/SQL

#### Industry:

- Retail
- Security
- Medical

**Framework:** Spring Boot, Angular

**IDE/Tools:** Visual Studio Code, IntelliJ, Eclipse, Putty, Oracle Database Developer

## WORK EXPERIENCE

### Java Developer HC Consumer Finance, Inc.

12/2018 - 07/2021 BONIFACIO GLOBAL CITY, PHILIPPINES

#### Roles and Responsibilities:

- Implemented microservices to enhance the functionality of the application
- Provided round-the-clock production support to ensure uninterrupted service availability
- Conducted thorough log tracing to identify and resolve issues promptly
- Ensure robust security measures by actively conducting security assurance activities
- Successfully implemented the Eureka Server for efficient service discovery
- Held accountable for identifying and addressing any system breaches to maintain data integrity and privacy.

#### Technologies Used:

• Java, Gitlab (CI/CD), Linux, Spring boot 2, Oracle SQL, JMS Queue, Load Balancer

#### Industry:

- Consumer Finance
- Bank

**Framework:** Spring Boot

**IDE/Tools:** IntelliJ, Putty, Oracle Database Developer, Kibana, Eureka, Sleuth

### Java Engineer III ING Business Shared Service B.V.

08/2021 - 09/2022 BONIFACIO GLOBAL CITY, PHILIPPINES

#### Roles and Responsibilities:

- Successfully executed the integration of COBOL with the Java API, ensuring seamless interoperability and improved system functionality.
- Provided 24/7 production support, effectively resolving critical issues and ensuring uninterrupted operations.
- Conducted thorough log tracing to identify and rectify bugs, enhancing system performance and stability.
- Assured the security of the system through rigorous testing and the implementation of robust security measures.

#### Technologies Used:

• Java, Azure Cloud, Linux, Spring boot 2, Oracle SQL, Legstar, and COBOL

#### Industry

- Bank

**Framework:** Merak

**IDE/Tools:** IntelliJ, Docker, Kibana, OpenCOBOL, Oracle Database Developer

### Senior Java Developer NTT DATA (Bank of the Philippine Islands)

12/2022 - present MAKATI, PHILIPPINES

#### Roles and Responsibilities:

- Demonstrated expertise in maintaining and optimizing microservices, ensuring seamless operation and exceptional performance.
- Displayed commitment to providing round-the-clock production support, delivering swift resolutions to issues, and minimizing downtime.
- Exercised meticulous attention to detail in conducting comprehensive security assurance measures, safeguarding critical systems and data.
- Utilized exceptional problem-solving skills to identify and rectify vulnerabilities, enhancing the overall security posture of the organization.

#### Technologies Used:

• Java, COBOL, KeyCloak, Legstar

#### Industry:

- Bank

**Framework:** Spring Boot

**IDE/Tools:** IntelliJ, Docker, RedHat OCP, Kibana, MongoDB, IBM API Connect

## EDUCATION

### Bachelor of Science | Computer Science Cavite State University

06/2012 - 05/2016    INDANG, PHILIPPINES

The BS in Computer Science program includes the study of computing concepts and theories, algorithmic foundations, and new developments in computing. The program prepares students to design and create algorithmically complex software and develop new and effective algorithms for solving computing problems.

The program also includes the study of standards and practices in Software Engineering. It prepares students to acquire the skills and disciplines required for designing, writing, and modifying software components, modules, and applications that comprise software solutions.

## ACHIEVEMENTS

- AWS Hackdays 2020: Top 10 finalist
- Home Credit Philippines: Hackathon 2019 (2nd place)
- Home Credit Philippines: Test-Driven Development
- Home Credit Philippines: Agile Development
- Home Credit Philippines: Scrum Development
- UST Global Bootcamp ( Testing, Development, JSP, Java, Hibernate, SpringBoot)
- UST Global: Angular 2 Training
- UST Global: Microservice
- UST Global: Microservice logs management
- Cavite State University: Network Empowerment (Certified)
- Cavite State University: Mobile Application Development (Certified)
- Cavite State University: HTML 5: The future of Digital Publishing (Certified)
- Google Developers: Google I/O 2015
- EGlobio: Windows Phone Programming (Certified)
- EGlobio-Technopreneurship (Certified)
- EGlobio - Unity 3D (Certified)
- EGlobio - Character Animation (Certified)
- Udemy: Learn to Code by Making Games: A Complete C# Unity Developer
- (Hackathon) UST Global Inc., Creative Minds At Work (Certified)
